

One time setup charges

Each time you create a new artwork collection, there is a one time production setup charge. The setup charges shown below assume the initial order for each new collection is 10 or more. A \$25 mold charge applies to new setups with orders of less than 10 rubber sheets. *There are no other production charges or minimums when you re-order rubber sheets from artwork collections on file.*

Rubber Sheets

We only use premium quality, natural gum rubber to vulcanize your deeply etched stamp sheets. Your stamps can be used with any type of crafting inks.

Volume Discounts: If you have more than one artwork collection on file, you may combine orders of collections and/or mounting options to increase your total volume discount.

Total artwork collections only. Single stamp orders from our other price list are not combined to collections to increase the discount.

Mounting Cushion (optional)

Choose either style of mounting cushion to be attached to your rubber sheets for you or your customers to cut out.

Cling Cushion - 1/8" thick gray cushion with adhesive one side and static cling on the other. (for use with acrylic blocks)

Standard Adhesive Cushion - 1/8" thick gray cushion with adhesive on both sides. (for use with maple blocks)

Bulk cushion not attached to the rubber sheets is available in large rolls only.

Cut out Service (optional)

The cut-out stamp service for artwork collections is limited to (2) sheets per collection. These are intended to be prototypes for your product development and not as an ongoing production service. We stock 5" ultra fine scroll saw blades exclusively for our art stamp customers. (plain end) Our professional scroll cutting is available to cut out each stamp design with either mounting cushion. Add \$0.75 per stamp Production Note: A 3/8" space between designs is required

Retail Packaging (optional)

See our retail packaging price list for artwork collections.

Quantity (100) artwork collections minimum per setup applies to your initial order of retail packaged stamps only.
