

We only use premium quality, natural gum rubber to vulcanize your deeply etched stamps.

Volume discounts: If you have more than one single design setup on file, you can combine orders and/or mounting options to increase your total volume discount. This discount applies to total single stamp designs only and does not add to collections ordered with singles.

SQUARE CUT with Mounting Cushion (optional)

Cling Cushion is 1/8" thick, high density gray cushion with adhesive on one side and static cling on the other (for use with any acrylic blocks).

Square Cut - The rubber stamp and mounting cushion are cut together into neat rectangle/squares leaving a uniform margin around the design.

Cut-out Manufacturing Services (optional)

DIE-CUT: Die cutting is a premium cutout service that requires a one time tooling charge in addition to the standard stamp production setup. This can be added to any new single stamp setup or one(s) already on file.

SCROLL CUT: This only applies to single stamps that you want us to mount cling cushion onto the rubber and cut around the design for you. Your stamps have a professional contour cut.

Retail Packaging (optional)

Order your stamps completely retail packaged and ready for sale. Blind drop shipping to your wholesale accounts is available. Quantity (100) minimum stamps per design applies to your initial order of retail packaged stamps only.

Setup Charges

One time Setup Charge	Image Square Inches
\$40.00	4
\$40.00	6
\$40.00	8
\$50.00	10
\$50.00	12
\$50.00	14
\$60.00	16
\$60.00	20
\$60.00	24

There is a one time setup charge for each new single stamp design. Measure your single stamp image Width x Height = Image Square Inches

Setup Notes:

Multiple stamp designs on one layout using this Singles price list require a 1/4" margin on all 4 sides. Cutting services are not available for multiple stamp designs setup from this Singles price list

Order any combination of rubber stamp options:

- Unmounted Rubber Stamps
- Square Cut - Rubber Stamps with Mounting Cushion
- Die Cut - Rubber Stamps with Mounting Cushion
- Scroll Cut - Rubber Stamps with Mounting Cushion
- Retail Packaging Available

Unmounted Rubber Stamps (rubber die only - no mounting cushion)

*Die Cut Stamps require a one time tooling charge of \$100.00 in addition to the setup charge.

Discounts on die tooling setup charges:

If your initial order of each design is 500 or more, subtract \$5 from tooling charge for every 100 stamps* per design.

Scroll Cut - Rubber Stamps with Cushion (professionally cut-out around the stamp design)
