One time setup charges

Each time you submit a new artwork collection for rubber sheet production, there is a one time setup charge. Please Note: A \$25 mold charge is added to new setups when initial orders are less than 10 rubber sheets. There are no other production charges or minimums when you re-order rubber sheets from artwork collections on file. (10% discount on setups when ordering 12 or more new artwork collections)

Rubber Sheets

We use premium quality, natural gum rubber to vulcanize your deeply etched stamp sheets. Your stamps can be used with any type of crafting inks. Volume Discounts: If you have more than one artwork collection on file, you may combine orders of collections and/or mounting options to increase your total volume discount. Please Note: Discounts apply to artwork collections only. Single stamp orders from our other price list are not combined to artwork collections to increase the discount.
